

Kawasaki Teryx Full Windshield

P/N 10387

Fits: 2008+

Includes:

1. (1) Polycarbonate Windshield (10387-1)
2. (4) 1-13/16" Quick Clamp (10230)
3. (1) Edge Trim 1/4" x 14" Long
4. (2) 1/4 x 1/2 Self adhesive gasket material 1" long

Installation:

1. Insert the Edge trim over the center of the bottom. This will protect your hood.
2. Remove the thumbscrew and 1/4" nuts from the clamps. Set the 1/4 nuts aside until last.
3. Using the Thumbscrews and clamps install the windshield. The thumb screws will go through the windshield and into the clamp assembly.
4. Stick the gasket material on both edges of the windshield about half way up. This is to stop any rattling against the roll cage.
