

Kawasaki Teryx Rear Bumper

P/N 10107

Includes:

1. (1) Driver side mounting bracket
2. (1) Passengers side mounting bracket
3. (1) Rear Bumper
4. (10) #14 x 1" Tek Screw-Zinc
5. (4) 3/8x16x1" Carriage Bolt (black)
6. (4) 3/8 Nylon Nut-Zinc
7. (4) 3/8 USS Flat Washer -Zinc

Instructions:

1. Set parking brake.
2. Using a cordless screw driver, long nut driver, and #14 tek screws attach the mounting brackets to the square tube under the cargo bed. The flanges go toward the inside (see picture).
3. Using the carriage bolts, washers and nylon nuts attach the bumper to the brackets.

Warning: Do not use the bumper to attach a tow strap or a tie down strap. Serious injury or death could occur. Never operate a motor vehicle under the influence of drugs or alcohol.
